ARRIVAL NOTICE AND UNDELIVERED FREIGHT

ITEM 200

PART I--ARRIVAL NOTICE

Tender of delivery at consignee's place constitutes the notice of the arrival of a shipment, except for shipments consigned to a private residence as defined in Item 740.

If the shipment is not actually tendered for delivery, notice of arrival will be given to the consignee no later than the next business day following the arrival of the shipment.

The notice will be given by the telephone, facsimile or mail and will specify the point of origin, the shipper, the commodity and weight of shipment. When notified by mail, the notice will be considered to have been given at 8:00 A.M. on the first business day after it was mailed.

All notice of arrival shall be given in this manner unless prior delivery arrangements have been noted on the Bill of Lading by the shipper.

PART II--UNDELIVERED FREIGHT

When freight cannot be delivered because of the consignee's refusal or inability to accept it, carrier's inability to locate the consignee or because of an error, or omission on the part of the shipper, carrier will make a diligent effort to notify the shipper promptly that freight is in storage and the reason therefore.

Disposition instructions printed on the Bill of Lading, shipping order, shipping label or container cannot be accepted as an authority to reship, return or re-consign a shipment or to limit storage liability

When a shipment is undeliverable carrier will issued a "Freight On-Hand Notice" by certified mail, return receipt requested, or electronically via facsimile transmission or over the internet, to the consignor and consignee. A charge will be assessed for this service, as follows:

BILLS OF LADING

ITEM 220

SECTION I-- CORRECTED

1. Corrected Bills of Lading or other instructions to change the freight charges collection status from prepaid to collect will not be accepted after the shipment has been delivered.
2. A corrected Bill of Lading to change the original freight charges collection status from prepaid to collect will not be accepted if Section 7 (the non-recourse clause) of the corrected Bill of lading has been signed. If the corrected Bill of Lading is inadvertently accepted and Section 7 has been signed, the signature will be considered invalid. The party requesting a change in the collection status will guarantee payment of the freight charges should the new debtor fail to pay within the prescribed credit guidelines.
3. A request to change the original freight charges collection status from collect to prepaid will require a corrected Bill of Lading from the shipper and the shipper must have established credit with carrier.
4. Any change in collection status will not be permitted after payment has been received.
5. A charge of \$25.00 will be assessed against the party requesting the change of payer for processing the correction. A request to change the collection status may be submitted by the shipper on the shipper's letterhead in lieu of a corrected Bill of Lading, subject to all other provisions of this item. Redelivery, storage or other charges that become applicable on shipments that have been refused due to the freight charges collection status will be assessed against the party responsible for payment of the freight charges on the corrected Bill of Lading.
6. Corrected Bills of Lading changing the description, density or weight of commodities in a shipment will not be accepted by carrier without submission of conclusive documentary proof that the description, density or weight is as claimed on the corrected Bill of Lading. Carrier reserves the right to refuse corrections where the validity of the correction information has not been verified to the satisfaction of carrier, or where execution of the correction request would violate laws, rules or regulations.

SECTION II--EXPORT SHIPMENTS

Shipments for Export should have the notation "FOR EXPORT" entered on the Bill of Lading.

BILLS OF LADING - CONTRACT TERMS AND CONDITIONS

ITEM 240

1. Unless otherwise agreed to in writing, Contract Terms and Conditions shall be those as indicated in the carrier's Bill of Lading or as specified by regulatory commission in effect on the date the shipment was tendered to the carrier. Only carrier personnel with the title of Vice President or higher are authorized to agree to alternate contract terms and conditions and the use of an alternate Bill of Lading referencing such terms and conditions. Where a Bill of Lading, other than the Uniform Bill of Lading or the carrier's Bill of Lading, issued by the shipper, is signed for by the carrier's driver or other person(s), that signature only acknowledges receipt of the freight and identifies the entity to deliver. It is not a contract for the carriage of the freight. Continued use of an unauthorized Bill of Lading by the shipper will not constitute an implied acceptance by the carrier.

BORDER CROSSING SECURITY CHARGE

ITEM 1090

Shipments originating from and or destined to the country of Canada will be subject to a border crossing charge of \$25.95 per shipment, in addition to all other applicable charges.

That portion of a shipment remaining that does not fill a trailer or pup to capacity will be rated as a separate shipment.

COLLECT ON DELIVERY (COD) SHIPMENTS

ITEM 280

Unless otherwise provided, collect on delivery (COD) shipments, subject to a maximum COD amount of \$7,500, will be accepted subject to provisions and charges listed below in 1 thru 10.  - c. Company or personal check of the consignee when so authorized in writing or by endorsement on the Bill of Lading.
7. Regardless of the form of payment, it will be accepted at shipper's risk including, but not limited to, the risk of non-payment and forgery. Carrier will not be liable for accepting a facially valid form of payment and will not be obligated to verify the payment instrument.
All checks for COD amounts shall be made payable to the consignor. Carrier will accept such checks only as the agent of the consignor and carrier responsibility is limited to the exercise of due care and diligence in forwarding such checks to the consignor.
8. The fee for collecting and remitting each COD bill will be 3.5% of the COD amount, subject to:

a. Minimum charge per shipment	\$40.00

If request to change form of payment is received after the shipment has been tendered for delivery and refused by the consignee, redelivery charges will also apply. The consignor must guarantee payment of these charges.

10. Carrier will not be liable for the collection of the COD amount when the shipper fails to mark the Bill of Lading and Packages in compliance with Paragraphs 1 and 2 of this item, or when Carrier inadvertently fails to collect the proper COD amount and the shipper files no claim within 30 days of the shipment's delivery.

ITEM 300

1. Carrier can provide dedicated transportation of commodities so that a shipment is the only one on the trailer.
2. To request "Exclusive Use" Service the customer should provide carrier with a written request or make the request on the Bill of Lading at the time of shipment. A request not to break the seal or not to co-load additional freight will be considered as a request for "Exclusive Use" Service.
3. If the lock or seal must be removed from the vehicle it will be immediately resealed or relocked and the new lock or seal number will be indicated on the accompanying papers along with the reason for its removal.
4. When a request for "Exclusive Use" service is made after the shipment has been received, carrier will make every effort to intercept the shipment and convert it to "Exclusive Use" Service over as much of the route as possible. A written request will be considered part of the Bill of Lading contract.
5. "Exclusive Use" Service cannot be provided for split pickup, split deliveries or stop-in-transit shipments.

For the purpose of applying Storage rules and charges in connection with shipments moving under U.S. Customs Bond, notification to the Deputy Collector of Customs that a shipment is available for Customs Inspection will constitute tender of shipment for delivery.
4. Each I.T. Permit (Immediate Transportation Permit) issued for movement of an In-Bond shipment will be considered as a separate shipment, and must be accompanied by one Bill of Lading and Shipping Order.
5. Shipments tendered in a vehicle sealed by or at the request of the shipper, or as required by competent authority, will be assessed on the basis of full visible capacity. The density shall be the result of the division of the weight per article or piece by the ascertained cubic feet.

- a. **CYLINDRICAL SHAPED ARTICLES OR ARTICLES, OTHER THAN OF AN ELLIPTICAL, RECTANGULAR OR SQUARE SHAPE ON ONE PLANE:**
 - i. Square the greatest dimension of the article in inches (multiply the greatest dimension in inches by itself); and then
 - ii. **MULTIPLY** that result by the height or length in inches.
 - iii. **DIVIDE** by 1728 cubic inches (one cubic foot).

The density shall be the result of the division of the weight per article or piece by the ascertained cubic feet.

4. Free time will begin when driver notifies a representative of the shipper or consignee of the arrival of the trailer for loading or unloading. Time will end on completion of loading or unloading and receipt by the driver of a signed Bill of Lading or Receipt of Delivery.
5. When loading or unloading of a vehicle cannot be completed at the end of a normal business day, shipper or consignee may request that the trailer without the tractor remain at its premises or they may request that the vehicle be returned to the carrier terminal. That portion of the shipment in possession of carrier is subject to Storage Charges. The portion of the shipment that is redelivered is subject to Redelivery Charges. (See ITEM 960 (REDELIVERY))
6. In the case of multiple shipments received from one shipper or delivered to one consignee at one time in one vehicle, free time will be computed on the aggregate weight of the multiple shipments received or delivered.
