May 2021

At Sutton Transport, we value our employees and their opinions. We take pride in offering a competitive benefit package to you and your families. We appreciate your hard work and want to take this opportunity to announce that effective July 1st, 2021, we will be **DECREASING** employee contributions to the health insurance coverage. Your annual premium savings with this decrease of your medical insurance contribution equates to an annual savings of approximately \$500.

Please note, this is **NOT** an open enrollment and therefore, if you are not currently enrolled in the health insurance coverage, you will not be eligible to enroll unless you have experienced a qualifying life event.

If you are benefit eligible, you will have the opportunity to enroll in December when our Open Enrollment takes place. Payroll deductions will automatically be updated based on your current election. There is no further action required at this time. Your new **weekly contributions** are outlined in the chart below.
